**Membership**

Membership is open to anyone with an interest in the genealogical research and preservation of materials that might aid in family research in Granville County or elsewhere. Membership in the Society includes: individual membership \$20.00 (digital journal), individual membership \$25.00 (mailed journal) and family membership (receiving one mailing) \$25.00.

Members in the Society receive the Society Messenger Newsletter and the Granville Connection Journal. Membership is for one year and renewal date will be one year from joining date. These are mailed out in March, June, September and December each calendar year.

**Editorial Policy**

The Granville Connections Journal places its emphasis on material concerning persons or activities in the area known as Granville County in 1746. This includes present day Warren, Franklin, and Vance County. Members are encouraged to submit material for publication. The editorial staff will judge the material on relevance to area, interest, usefulness and content. Members are encouraged to submit queries for each journal. Each submission should be fully documented, citing the sources or it will not be printed. Submissions will not be returned, but will be placed in the North Carolina Room at the Richard H. Thornton Library in Oxford, North Carolina, which is the repository of the Society. The Society publication committee cannot assume responsibility for errors in submissions for publication. Corrections will be noted in subsequent issues.

## From the President—

**Where is the time going!!!!** Seems like yesterday we were finishing the September issue.

Looking back for the year, we have had some interesting programs at our monthly meetings; with an all-time high attendance at one of the meetings. After twenty one years you would wonder if this is going to continue. Interest is still high for the Society and I hope it will continue. Let us know what you would like as a topic at our meetings. Better yet why don't you volunteer to give us a program at one of our monthly meetings.

Starting off the New Year we will have Mark Pace as our speaker for the January meeting. This should be an interesting meeting so make plans to attend.

Have not had much time for research lately. Seems like my energy level has dropped and too, I had some other projects to complete. I attended a state convention for the UDC in October which proved to be a successful meeting. Then in November I attended the National Convention for the UDC in Raleigh. While at the National Convention I was presented a "Special Certificate of Appreciation" by Teresa Roane, Chairman Recognition of Service of Black Confederates for going beyond the call of duty to assist with this project. Some seem to think that blacks did not serve in the CSA in the War Between the States, but they did serve. I turned in one hundred ninety six names of blacks that did serve in the war from North Carolina. Forty two were from Granville County.

We had our yearly election in December and the following officers were elected.

President: Mildred C. Goss

Vice President: Vacant

Treasurer: Allen Dew

Recording Secretary: Bonnie Breedlove

Corresponding Secretary: Velvet S. Woodlief

Cemetery Committee as appointed by the president were Bonnie Breedlove, Jessie McLam and Allen Dew.

Journal and Newsletter Co-Editors: Allen Dew, Mildred C. Goss.

OK now, if we can get someone to volunteer for the job as Vice President, then our officer list will be complete.

Have to get ready to help with the voting here in Granville County. I have been serving as the Chief Judge for the Creedmoor precinct for a number of years and the long hours have not gotten any shorter. The Board of Elections are expecting a record turnout for the primary on March 15, 2016 election year. I also help with the One Stop voting. This is when I get to see a lot of citizens that I don't get to see or speak to over the year. Always glad to see everyone exercising their right to vote.

## NOTICE

**Please notice when your membership dues are due and renew them before the due date so you do not miss out on a publication of the Journal and Newsletter. Renewal dates are printed on the mailing labels and are included in the email messages when sent the Journal. The publications that you receive have a lot of research information in them that might help you in your research. You might just find that missing piece of your family information that you were looking for. We try to include information that has not been published before.**

*Until next time happy researching. Mildred*

## Let's go back 100 years and see what was in 1915.

The average life expectancy for men was 47 years

Fuel for cars was only sold in drug stores.

Only 14 percent of the homes had a bathtub.

Only 8 percent had a telephone.

The maximum speed limit in most cities was 10 mph.

The tallest structure in the world was the Eiffel Tower.

The average US wage in 1910 was 22 cents per hour.

The average worker made between \$200 and \$400 per year.

A competent accountant could expect to earn \$2000.00 per year.

A dentist could make \$2500.00 per year.

A veterinarian could make between \$1500.00 and \$4000.00 per year.

A mechanical engineer could make about \$5000.00

More than 95 percent of all births took place at home.

Ninety percent of all doctors had no college education. Instead they attended so-called medical schools, many of which were condemned in the press and the government as "substandard".

Sugar cost four cents a pound.

Eggs were fourteen cents for a dozen.

Coffee was fifteen cents a pound.

Most women only washed their hair once a month. They used Borax or egg yolks for shampoo.

Canada passed a law that prohibited poor people from entering into their country for any reason.

The five leading causes of death were: Pneumonia and influenza, Tuberculosis, Diarrhea, Heart Disease and Stroke.

The American flag had 45 stars.

The population of Las Vegas, Nevada was only 30.

Crossword puzzles, canned beer and iced tea hadn't been invented yet.

There was neither a Mother's Day, nor a Father's Day.

Two out of every 10 adults could not read or write.

Only 6 percent of all Americans had graduated from high school.

Marijuana, heroin, and morphine were all available over the counter at local drugstores. Back then pharmacists said, "Heroin clears the complexion, gives buoyancy to the mind, regulates the stomach, bowels and is, in fact, a perfect guardian of health".

Eighteen percent of households had at least one full time servant or domestic help.

And last, there were about 230 reported murders in the entire United States.

It is amazing how fast everything around us is changing. It is impossible to imagine what it will be like in another 100 years.

Editors Note:

Just some of the things that I remember that happened since 1915 was: WW-I, WW-II, Korean War, Vietnam War, Desert Storm, Desert Shield, War on Terror, Great Depression in the late twenties and early thirties, putting man on the moon, TV, computers, cell phones, electricity in the rural areas and etc. to name a few.

The list could go on and on. The generations from 1915 to present have had to learn a lot and continue to learn more.

## GCGS Deaths for September, October, November 2015

**Editors Note:** This listing shows the deaths from the obituaries of three newspapers (Oxford Public Ledger, Butner/Creedmoor News, Henderson Dispatch) for the specified time. Names are listed as they appear in the papers. Their listed age, whether they were Buried or Cremated (many people would be looking for a tombstone and gravesites with burials, but with cremations they need to look for a death certificate or an obit). The date of death and parents if listed. Some Funeral Homes do not list the parents.

## Delayed Birth Certificates on file at the Register of Deeds Office in the Court House in Oxford, NC

**Editors Note:**

The delayed birth certificates were completed after 1913 when the law was added that everyone would have a birth certificate. These can be found for Granville County at the Register of Deeds Office in the Courthouse and at Vital Records Branch in Raleigh. To get a delayed birth certificate you had to show proof of either a Bible Record, school record, affidavit from a family member or other proof in order to get one. An example; my mother did not get one due to no parent living, no Bible Record, no date of birth on school record. The only proof was her word that she was born on March 7, 1896.

## Outstanding Events in Granville Co.

*July 23, 1929*

### *Some of the Things the Older Citizens Remember*

The little streamlet that passes through the High School ground is fed by a spring on Spring Street a few yards east of Bell Street. Many years ago it was claimed by aged residents, the water from this spring was a panacea for all ailments.

In the lowlands, a half mile below this spring, there is a large flat rock protruding about the ground. We were told that the people of Oxford during the War Between the States swept this rock clean for the purpose of burning

corncobs for soda. The marks of the fire on the stone sixty years ago are still visible.

On a hillside above this stream is a clump of wild grape vines from which twigs were cut during the period of the War Between the States to make hoop skirts for the belles of that period. This vine survived its many trimmings and is in a healthy state today, but the styles have undergone a radical change and the vine will never be used again for the same purpose.

Another aged citizen with a good memory informs the Public Ledger that the snow storm that swept down on Oxford during the winter of 1857 was the severest in his recollection. The snow fell to the depth of five feet on level ground and drifted in places to a depth of ten feet. It was impossible for several days, he said, to walk from the Osborn Hotel on Williamsboro Street to Horner Hill.

Another aged citizen with a keen memory recalls the great flood in this section during the Spring of 1870. Every bridge in Granville County was washed away and the roads were impassable for several weeks. At the Harrisburg crossing of the old Oxford and Henderson road, a mile east of Oxford a man and his daughter in attempting to cross the stream in a buggy were washed down stream a hundred yards and lodged in the fork of a tree and were rescued during the night. The horse was suffocated and the buggy badly demolished, he said.

The outstanding event in the memory of an aged citizen was the early frost in 1881. If his memory serves him right, the night of 14<sup>th</sup> of August of that year was so cold it was necessary to build a log fire to heat the house warm. A heavy frost accumulated during the night and all vegetation was killed and the leaves fell from the trees a few days later. The reason he remembers the event so well he said, was because a colored boy on his father's place touched his tongue to a broad wagon tire to see if it was frost. His tongue stuck to the tire and he was released by the use of hot water, he said.

Another aged citizen recalls the financial crisis in 1892. The whole country was wild, he said. Everybody lost confidence and you could not borrow a cent and everybody was afraid to loan what little cash they had in hand. Every man you met talked about "hard times" and dreamed about "tight times," he said. He wound up by saying that the present generation has no conception what a financial panic means, and "I never want to see another one so long as I live."

Speaking of ancient buildings in our midst, no one in Oxford is old enough to remember when the present court house was built. The key-stone over the front door tells the tale. The corner stone was laid on the Fourth of July 1838 – 91 years ago. Quite a number remember when there was a fence in front of the court house and when the annex was built. The workmanship and the material used in the building is of the best, and the structure is greatly admired for its architectural beauty.
